### Conditions of Contract for EPC Turnkey Projects

COSMOPOLI 2000 bilingual edition – ISBN 83-86810-11-4  
FIDIC First Edition 1999 English text and Polish translation

*Conditions of Contract for EPC Turnkey Projects, completely new FIDIC model, are recommended where one entity takes total responsibility for the design and execution of an engineering project, as in the case of BOT (Build - Operate - Transfer) project. Under the usual arrangements for this type of contract, the entity carries out all the Engineering, Procurement and Construction: providing a fully-equipped facility, ready for operation (at the „turn of the key“). This type of contract is usually negotiated between the parties.*

F029

### Conditions of Contract for Plant and Design-Build FOR ELECTRICAL AND MECHANICAL PLANT, AND FOR BUILDING AND ENGINEERING WORKS, DESIGNED BY THE CONTRACTOR

COSMOPOLI 2000 bilingual edition – ISBN 83-86810-13-0  
FIDIC First Edition 1999 English text and Polish translation

*Conditions of Contract for Plant and Design-Build, which effectively update and replace the Yellow Book of 1987 and the Orange Book of 1995, are recommended for the provision of electrical and/or mechanical plant, and for the design and execution of building or engineering works. Under the usual arrangements for this type of contract, the Contractor designs and provides, in accordance with the Employer's requirements, plant and/or other works; which may include any combination of civil, mechanical, electrical and/or construction works.*

F030

### Conditions of Contract for Construction FOR BUILDING AND ENGINEERING WORKS DESIGNED BY THE EMPLOYER

COSMOPOLI 2000 bilingual edition – ISBN 83-86810-14-9  
FIDIC First Edition 1999 English text and Polish translation

*Conditions of Contract for Construction, which effectively update and replace the Red Book of 1987, are recommended for building or engineering works designed by the Employer or by his representative, the Engineer. Under the usual arrangements for this type of contract, the Contractor constructs the works in accordance with a design provided by the Employer. However, the works may include some elements of Contractor-designed civil, mechanical, electrical and/or construction works.*

F201

### Conditions of Contract for Works of Civil Engineering Construction „FIDIC Red Book“ PART I. and PART II. separately

COSMOPOLI 1992 bilingual edition – ISBN 83-901937-0-1  
FIDIC Fourth Edition 1987 Reprinted 1992 English text and Polish translation

*The Conditions are meant for projects consisting mainly of civil engineering and building works designed by the Employer (or on his behalf) with valuation of remeasured quantities of executed work. The Conditions are recommended for general use for the purpose of construction of such works where tenders are invited on an international basis, but subject to minor modifications, are also suitable for use on domestic contracts. They are recommended for the World Bank and Phare contracts.*

F202

### Tendering Procedure

COSMOPOLI 1992 bilingual edition – ISBN 83-901937-6-0  
FIDIC First Edition 1980 English text and Polish translation

*Procedure for obtaining and evaluating tenders for civil engineering contracts. It may assist contractors to respond easily to invitations to tender for projects which they are qualified to implement.*

F202fp

### Standard prequalification form for contractors PAD OF 5 COMPLETE FORMS

COSMOPOLI 1992 bilingual edition  
FIDIC First Edition 1980 English text and Polish translation

*This form will help clients to select those companies which qualify to perform the intended project satisfactorily.*

F203

### Client / Consultant Model Services Agreement „FIDIC White Book“

COSMOPOLI 1992 bilingual edition – ISBN 83-86810-09-2  
FIDIC Second Edition 1991 English text and Polish translation

*This document is recommended for general use for the purpose of pre-investment and feasibility studies, design and administration of construction as well as project management, where proposals for such services are invited.*

F406

**Guidelines and Terms of Reference for the Preparation of Project Cost Estimates**

COSMOPOLI 1994 bilingual edition – ISBN 83-901937-4-4  
FIDIC First Edition 1980 English text and Polish translation

*The document contains a useful list allowing to check the cost estimate been prepared.*

F508

**The Role of Consulting Engineer in Projects**

COSMOPOLI 1995 bilingual edition – ISBN 83-901937-7-9  
FIDIC First Edition 1975 Reprinted 1983 English text and Polish translation

*This document describes the forms of employment of consulting engineer for various methods of project implementation.*

F509

**Selection by ability**

FIDIC guidelines on quality based selection of consulting engineer

COSMOPOLI 1995 bilingual edition – ISBN 83-901937-9-5  
FIDIC First Edition 1991 English text and Polish translation

*Guidelines on how to select the best firm for the project, by ability and not only by price of its services.*

F619

**Conditions of Contract for Design-Build and Turnkey „FIDIC Orange Book”**

COSMOPOLI 1996 bilingual edition – ISBN 83-86810-05-X  
FIDIC First Edition 1995 English text and Polish translation

*This document is recommended for lump sum arrangements in: 1. “design-build contracts”, under which the Contractor is responsible for design and provision, in accordance with Employer’s requirements, of works which may include any combination of engineering and building works, and 2. “turnkey contracts”, under which the Employer’s requirements usually include provision of a fully equipped facility, ready for operation (at the turn of the “key”); such contracts are often contractor-financed.*

F711

**White Book Guide (Guide to „Client / Consultant Model Services Agreement”)**

COSMOPOLI 1997 bilingual edition – ISBN 83-86810-03-3  
FIDIC First Edition 1991 English text and Polish translation

*The purpose of the White Book Guide is twofold, namely: (1) to assist those who wish to draft Consultancy Agreements using the White Book as published, or as the main reference; and (2) to provide some insights into the rationale for the White Book’s provisions and the content of the Guide dealing with completing an Agreement based on the White Book.*

F716

**Guide to Conditions of Contract for Works of Civil Engineering Construction**

COSMOPOLI 1997 bilingual edition – ISBN 83-86810-04-1  
FIDIC First Edition 1989 English text and Polish translation

*The object of this publication is to comment on the Clauses contained in the fourth edition of the FIDIC Conditions of Contract for Works of Civil Engineering Construction. The material in this Guide does not form part of the Conditions nor is it intended to be incorporated in the Conditions other than by the use of example clauses.*

F725

**Supplement to Conditions of Contract for Works of Civil Engineering Construction**

COSMOPOLI 1997 bilingual edition – ISBN 83-86810-09-2  
FIDIC First Edition 1996 English text and Polish translation

*Supplement to the fourth edition of the FIDIC Conditions of Contract for Works of Civil Engineering Construction covering the following sections: (A) Dispute adjudication board, (B) Lump sum payment, and (C) Late certifying.*

F722

**Conditions of Subcontract for Works of Civil Engineering Construction**

COSMOPOLI 1997 bilingual edition – ISBN 83-86810-06-8  
FIDIC First Edition 1994 English text and Polish translation

*The Conditions are closely adjusted and meant explicit for use with the FIDIC Conditions of Contract for Works of Civil Engineering Construction as main contract. Elements contained in them, as vocabulary, procedures or defined terms, are consistent with those of the main contract. Application of the Conditions allows to avoid laborious and time consuming agreement of the conditions of both contracts.*
